

# Oleksii Pylypchuk

Trainee / Junior Python Developer

## Profile

I am a goal-oriented Junior Python Developer with an entrepreneurial background and engineering education. That gave me an agile mindset, problem-solving attitude, attention to detail, and passion for providing the best results. Some of my strongest traits are the ability to work in conditions with high uncertainty and to study fast.

## Education

**Master of Telecommunications, NTUU “Kyiv Polytechnic Institute”**

September 2003 — May 2009

## Courses

**Python Online Marathon, SoftServe**

July 2022 — September 2022

**Kind, kind Python, Stepik.org**

March 2022 — June 2022

## Work Experience in Business Domain

**General Manager at Payphone X**

October 2019 — February 2022

- Conducted Product Development and BizDev processes according to market needs and trends
- Managed team of 15 employees
- Organized charity campaigns with Tabletochki and Ronald McDonald Charity House which were supported with 50+ celebrities

**Co-founder, Marketer at Own Affiliate Marketing Team**

July 2017 — August 2019

- Tested funnels for offers in different verticals: mobile apps, e-commerce, courses
- Achieved high-effective performance (CPL \$0.5 while market standard was \$1)

**Founder, CEO at Qubio Studio**

October 2008 — May 2018

- Worked with clients operating on global and local markets: Ajax, Kcell, KAMA Games, EatMe, PocketBook, modnaKasta
- Got industry awards: Ukrainian Design The Very Best Of, ADC\*UA, IM Days, DaFest
- Managed team of 10 employees
